EARMARK DECLARATION

HON. SAM GRAVES

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 23, 2009

Mr. GRAVES. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I am submitting the following information regarding an earmark I received as part of H.R. 2892, the Department of Homeland Security Appropriations Act, 2010:

Congressman SAM GRAVES (MO-6)

Department of Homeland Security, FEMA/Pre-disaster Mitigation Account—\$175,000 to the City of Maryville, MO, for Storm Siren Replacement (City of Maryville, MO, Department of Public Safety, 222 East Third Street, Maryville, MO 64468)

The federal funding I obtained for the City of Maryville in my congressional district will be used to upgrade their emergency storm siren system. The City of Maryville is the largest community in northwest Missouri, having a population of over 10,500. The community is home to Northwest Missouri State University and houses nearly all of the manufacturing industry in the region.

In recent years, Maryville has experienced a number of natural disasters, including flooding and tornadoes. The current warning system in place for the residents of the community is made up of five Civil Defense Sirens, which are extremely old and deteriorated. The city has also grown in size, which has created some "dead spots" where citizens cannot hear the warning sirens.

As such, the city will use the federal funds obtained to purchase five storm sirens. Four of the existing sirens throughout the city will be replaced, as well as one siren to be located at Mozingo Lake, a recreation and fishing destination in the region. The new sirens will be multi-directional sirens, which will double the current sound projection radius and address the community's concern with "dead spots". An up-to-date warning system is imperative to notify all the families and individuals in the region to ensure their safety.

incidents. Local emergency operations centers are critical components in the nation's emergency network. The Ames, IA Center is particularly important as it is located in an important agricultural production region that is crucial to the nation's food supply; the Ames Emergency Operations Center is also located near the National Animal Disease Center, an important player in any agro-terrorism incident. Given the significance of the threat of agro-terrorism, it is important that this Center be as-up-to-date as possible in its operating capacity.

As the son of Italian immigrants from Abruzzo, I am pleased my colleagues agreed that we should stand behind Italians as they begin the process of rebuilding areas damaged by the earthquake. H. Res. 430 serves

to reaffirm the deep ties between the United States and Italy, and show the Italian people our nation's support in their time of need.

I hope the reconstruction efforts will be completed quickly so the region's cultural and artistic heritage will be restored, while homes, businesses, and schools can be rebuilt. Abruzzo is truly a beautiful region and I look forward to its revival.

HON. WALTER B. JONES

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 23, 2009

Mr. JONES. Madam Speaker, pursuant to the Republican Leadership standards on ear-

marks, I am submitting the following information regarding earmarks I received as part of H.R. 2647, National Defense Authorization Act for Fiscal Year 2010.

Rep. WALTER B. JONES

Project: U.S. Navy Cancer Vaccine Program

Amount: \$4,000,000

Explanation: The U.S. Navy Cancer Vaccine Program was initiated in 2005 and was the first cancer vaccine program conducted at the Naval Health Research Center. It has received congressional appropriations beginning in FY06. Currently, U.S. military health authorities estimate that in the past year alone, \$42 million was spent on direct health care costs in the military healthcare system related to prostate cancer. Continued development of the vaccine through this project will save the lives of military personnel suffering from cancer as well as reduce health care costs in the military healthcare system.

Rep. WALTER B. JONES

Explanation: The existing Radar Approach Control (RAPCON) Complex and Ground to Air Transmitter/Receiver (GATR) at Seymour Johnson Air Force Base are inadequately configured for today's mission and high-tech equipment. EARMARK DECLARATION

HON. JOE WILSON

OF SOUTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 23, 2009

Mr. WILSON of South Carolina. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I am submitting the following information regarding earmarks I received as part of the National Defense Authorization Act for Fiscal Year 2010.

Requesting Member: Congressman JOE WILSON

Bill Number: H.R. 2647—National Defense Authorization Act for Fiscal Year 2010

Account: Research, Development, Test and Evaluation, Army

Legal Name of Requesting Entity: University of South Carolina

Address of Requesting Entity: 208 Osborne Building—Pendleton Street, Columbia, SC 29208

Description of Request: I have secured \$6,000,000 for the Brain Injury Recovery Clinic at the University of South Carolina. Soldiers returning home from Iraq and Afghanistan are experiencing an increased number of head injuries related to blasts and explosions compared to soldiers of previous conflicts. It is therefore important for us to understand blast injury, its pathophysiology, methods for detect-

ing traumatic brain injury, and how these soldiers can be best treated. Mechanisms of brain injury in war are unlike those of most injuries encountered in civilian life. The University of South Carolina has established a priority focus area on the study of brain injury and developed novel treatment possibilities to treat head injuries. This funding will establish a brain injury recovery clinic for returning soldiers at the University of South Carolina and study better and more efficient ways to treat blast-related head injuries. This research clinic will also provide jobs for the economically depressed Columbia, SC region. Matching funding (\$6M) from the State of South Carolina is available by housing this Brain Injury Recovery Clinic in the newly constructed Discovery 1 research building. This new research building is located in the Innovista portion of the University of South Carolina campus. I certify that neither I nor my spouse has any financial interest in this project.

Requesting Member: Congressman JOE WILSON

Bill Number: H.R. 2647—National Defense Authorization Act for Fiscal Year 2010

Account: Other Procurement, Air Force

Legal Name of Requesting Entity: South Carolina Air National Guard

Address of Requesting Entity: McEntire JNGB, 1325 South Carolina Rd., Eastover, SC 29044

Description of Request: I have secured \$2,000,000 for the South Carolina Air National Guard Eagle Vision Upgrade. Eagle Vision (EV) is a USAF mobile satellite imagery collection and processing system assigned to the SC ANG that will be used as a wartime resource in the war on terrorism as well as a counter drug and Homeland Security asset in the United States. Funding would upgrade the EV system at McEntire JNGB to include a 1 meter infrared capability. Emergency planners and responders would be able to look through clouds and smoke with infrared enabling them to plan responses during an emergency instead of reacting afterward. Matching funds are not applicable. I certify that neither I nor my spouse has any financial interest in this project.
